

# Workgroup rubric

Course: 2526-S1 Cognitive Modelling

Criteria	Level 4	Level 3	Level 2	Criterion Score
Accuracy	8 points All results are correct	5 points Most results are correct	2 points Almost all results are incorrect	/ 8
Presentation	4 points The work is very well presented  Data visualizations are used to clearly support the conclusions; all figures have correct axis labels, annotations, titles and legends. No grammar and/or spelling mistakes; clear sentences; clear paragraph structure and arguments.	3 points The presentation, writing and figures are sufficient  Some figures miss labels or annotations; understanding scientific message from the figures is sometimes difficult. Noticeable grammar and/or spelling mistakes; many unclear sentences or paragraphs.	2 points Writing is unclear, figures are not presented to convey the intended message.  Figures miss many labels, titles or legends; it is unclear what is visualized and why. Unacceptable number of spelling and/or grammar mistakes; unclear sentence or paragraph structure throughout.	/ 4

Criteria	Level 4	Level 3	Level 2	Criterion Score
Originality and insight	<p>4 points</p> <p>The report shows deep insight and original ideas</p> <p>The report ties together information from different sources; the writing demonstrates a deep understanding of the material; the introduction and conclusion show an analysis and synthesis of original ideas.</p>	<p>3 points</p> <p>The specified assignment is correctly done, but no additional extensions or insight is provided.</p> <p>The author understands the concepts to a certain extent; the paper connects information from different sources but the arguments do not flow; the writing does not demonstrate an understanding of the material.</p>	<p>2 points</p> <p>There is little understanding, or misunderstanding, of the problem and its solutions</p> <p>The paper does not demonstrate that the author understands the course material; the writing appears to be put together from different issues, without a natural flow of argument, making it hard to draw any insights from the report</p>	/ 4
